*Empowering at Every Level*

**Sub:** Request for inclusion in Delhi BJP Election Manifesto, formalization of '**Indraprastha Development Board**', to nourish factual history and culture.

Dear Hon. Minister Shri Prakash Javadekar ji

I am told and directed by the office of BJP President Hon. Shri Shah ji to contact you, as you have the honor of overseeing the election matters of the State of NCT Delhi.

*Neera Misra  
Trustee-Chairperson*

**Request:** to include in Delhi BJP election manifesto the establishment / formalization of '**Indraprastha Development Board**' (on lines of *Kurukshetra Development Board* of Haryana), to nourish roots and promote our capital's factual antiquity, civilization and cultural heritage legacies.

*Member, Exec. Comtee:  
Gurusadny Museum,  
Kolkata, WB*

**Justification:** Our capital has antiquity of thousands of years, yet its cultural landscape makes it look like a few hundred year old place. We are noticing great neglect, subversion and destruction of ancient landmarks at our capital city, where there has been consistent showcasing of medieval period landmarks. This has created wrong perception of history and culture of our global capital city Indraprastha, now called Delhi. Dehli is the 'Deheri' to Bharat and its cultural landscape should represent Bhartiya Itihas and Sanskriti.
